

NOTHING IN, NOTHING OUT.

The Department of Education guidance suggests that we should avoid sharing resources across groups or classes. It is therefore essential that students bring their own equipment.

Here is a list of resources that you will need to fully engage in all learning activities upon your return to school.

- A clear zippy folder.
- Pens- black, blue and red.
- Highlighters.
- Pencil, rubber and sharpener.
- 30cm ruler, protractor and triangle ruler.
- Compass.
- Scientific Calculator.
- School safe scissors.
- Glue Stick.
- USB Pen.
- Hand sanitiser and tissues.
- Colouring pencils and makers (not Sharpies).

Year 11 GCSE Art will be required to purchase an Art pack from Ms Mc Elhone upon their return to school. This will include an A3 folder and various graphic media for homework.

All equipment brought to school by KS3 pupils will remain in school on their individual desk in their bubble. Therefore, we would ask that pupils also have equipment for home schooling and homework.

KS4 pupils should keep all equipment in their school bag.
